INDEPENDENT AUDITORS' REPORT

To the Board of Education of Wentzville R-IV School District

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying modified cash basis financial statements of the governmental activities, and each major fund of the Wentzville R-IV School District, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Wentzville R-IV School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, and each major fund of the Wentzville R-IV School District, as of June 30, 2023, and the respective changes in modified cash basis financial position, and where applicable, cash flows thereof for the year then ended in accordance with the modified cash basis of accounting described in Note 1.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Wentzville R-IV School District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter—Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Wentzville R-IV School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Wentzville R-IV School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Wentzville R-IV School District's basic financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the budgetary comparison information and related notes, and schedule of selected statistics but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

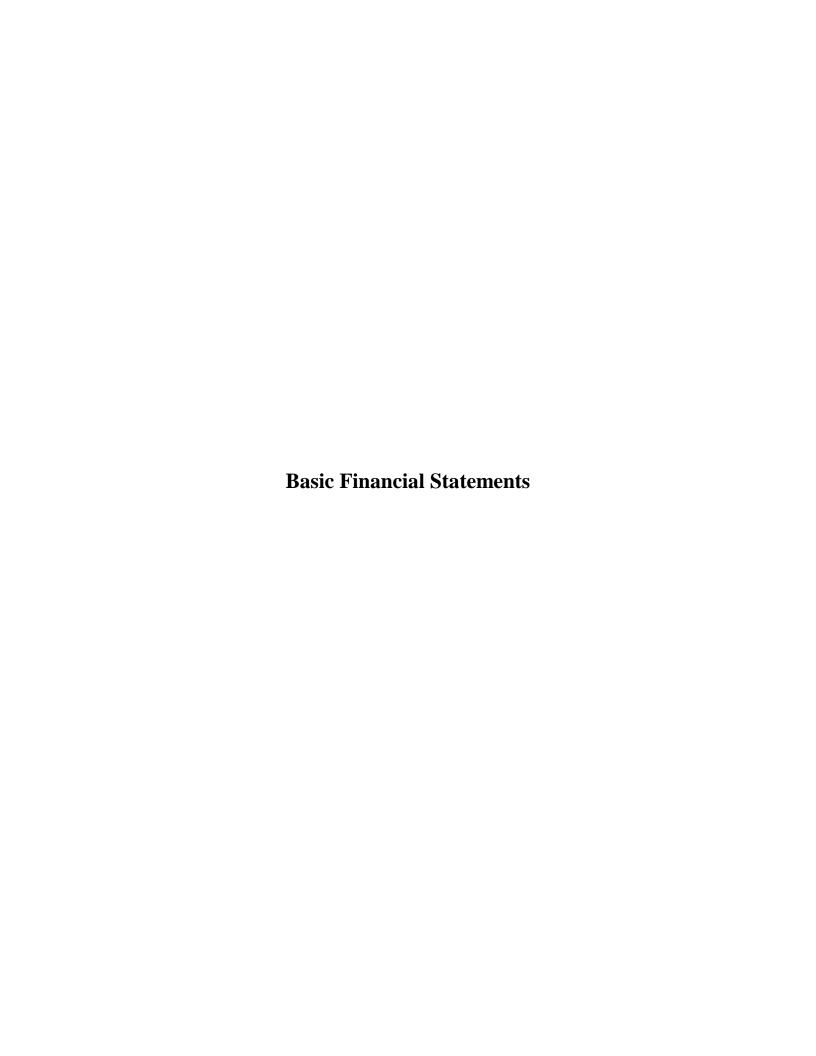

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 1, 2023, on our consideration of the Wentzville R-IV School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Wentzville R-IV School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Wentzville R-IV School District's internal control over financial reporting and compliance.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Wentzville R-IV School District is a political subdivision of the State of Missouri and operates under the regulations pursuant to Section 162.092 RSMo of the Public School Laws of Missouri, which designates a Board of Education to act as the governing authority.

As discussed further in Note 1, these financial statements are presented on the modified cash basis of accounting. This modified cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements.

Financial Reporting Entity

In evaluating how to define the District, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying criteria set forth in GAAP. The basic but not the only criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations and accountability for fiscal matters. The other criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the District is able to exercise oversight responsibilities. Based upon the application of these criteria, the following is a brief review of each potential component unit addressed in defining the District's reporting entity.

The District's financial reporting entity is comprised of the following:

Primary Government:

Wentzville R-IV School District

The Public School Retirement System of Missouri and the Public Education Employee Retirement System were excluded from the reporting entity. These potential component units have been appointed jointly by the participating school district's governing bodies. These are independent units that select management staff, set user charges, establish budgets and control all aspects of its daily activity.

Fund Accounting

The accounts of the District are organized on the basis of legally established funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts which are comprised of its assets, liabilities, fund equity, revenues and expenditures. District resources are allocated to, and accounted for, in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following fund type is used by the District.

Governmental Funds

Governmental Funds are those through which most functions of the District are financed. The District's expendable financial resources are accounted for through Governmental Funds. The measurement focus is upon determination of changes in the financial position rather than upon net income determination.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Governmental Funds focus on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various Governmental Funds according to the purposes for which they may or must be used. The difference between Governmental Fund assets and liabilities is reported as fund balance. The following are the District's Governmental Fund types, each of which the District considers to be a major fund:

General Fund - Used to account for and report all financial resources not accounted for and reported in another fund.

<u>Special Revenue Fund</u> - Used to account for proceeds of specific revenue sources that are committed or restricted to expenditures for specific purposes other than debt service or capital projects. Accounts for expenditures for certified employees involved in administration and instruction.

<u>Debt Service Fund</u> - Accounts for the accumulation of resources for, and the payment of principal, interest and fiscal charges on general long-term debt.

<u>Capital Projects Fund</u> - Used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Basis of Presentation

Government-wide Financial Statements

The statement of net position and the statement of activities present financial information about the District as a whole. These statements include the financial activities of the primary government. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

The government-wide statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include a reconciliation between the government-wide statements and the statements for governmental funds.

The statement of net position presents the financial condition of the governmental activities of the District at yearend. The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the School District.

Fund Financial Statements

The fund financial statements provide detailed information about the District's funds. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column.

The accounting and reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are the statement of assets, liabilities and fund balances arising from cash transactions, which generally includes only current assets and current liabilities, and a statement of revenues collected, expenditures paid and changes in fund balances, which reports on the sources and uses of current financial resources.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

In the financial statements, the "current financial resources" measurement focus is used:

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available expendable financial resources at the end of the period.

Basis of Accounting

In the financial statements, governmental activities are presented using a modified cash basis of accounting. This basis recognizes cash, payroll withholding, fund equity, revenues, and expenditures when they result from cash transactions. Accordingly, the District does not record property and equipment, loans payable, or bonds payable on the books. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Interfund Activity

Interfund transfers are reported as other financing sources/uses in governmental funds. All transfers are eliminated within the government-wide financial statements.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting used by the District requires management to make estimates and assumptions that affect the reported amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Cash, Cash Equivalents and Investments

For the purpose of financial reporting, "cash and cash equivalents" includes all demand and savings accounts, and certificates of deposit with an original maturity of three months or less. Certificates of deposits held at local banks with an original maturity in excess of three months are reported at cost and as certificates of deposit in the financial statements.

Investments consist of US Treasury Bills, carried at cost, which approximates market. Interest income earned is allocated to contributing funds based on cash and temporary investment balances.

Common Bank Account

Separate bank accounts are not maintained for all District funds, instead, certain funds maintain their uninvested cash balances in a common account with accounting records being maintained to show the portion of the common bank account balance attributable to each participating fund.

Occasionally, certain funds participating in the common bank account will incur overdrafts (deficits) in the account. The overdrafts result from expenditures, which have been approved by the School Board. As of June 30, 2023, the General Fund had an overdraft in the amount of \$18,467,935.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Teachers Salaries

The salary payment schedule of the District for the 2022 - 23 school year requires the payment of salaries over a twelve - month period. Consequently, the July and August 2023 payroll checks are included in the financial statements as an expenditure paid in the month of June. This practice has been consistently followed in previous years.

Compensated Absences

Vacation time, personal business days, and sick leave are considered as expenditures in the year paid. Amounts that are unpaid and vested in the employee are payable upon termination.

Net Position

Net Position represents the difference between assets and liabilities. Net investment in capital assets represents the cost of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. All other net position is reported as unrestricted.

When restricted sources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

In accordance with Government Accounting Standards Board 54, Fund Balance Reporting and Government Fund Type Definitions, the School District classifies governmental fund balances as follows:

Nonspendable - consists of funds that are not available to be spent, either short term or long term, in either form or through legal restrictions.

Restricted - consists of funds that are subject to external enforceable legal restrictions. The following fund balances have restricted balances: General, Debt Service, and Capital Projects.

Committed - consists of funds set aside for a specific purpose by the District's highest level of decision - making authority, the Board of Education. Formal action, such as a vote of the Board of Education, must be taken prior to the end of the fiscal year. The same formal action must be taken to remove or change the limitations placed on the funds.

Assigned - consists of funds that are set aside for a specific purpose by the District's highest level of decision - making authority, the Board of Education or a body or official, such as the superintendent, who has been given the authority to assign funds. Assigned funds cannot cause a deficit in unassigned fund balance. The Capital Projects Fund has an assigned fund balance.

Unassigned - available expendable financial resources in a governmental fund that are not designated for a specific purpose. The General fund comprises the unassigned fund balance.

The School District uses restricted amounts first when both restricted and unassigned fund balances are available, unless there are legal contracts that prohibit doing this.

NOTE 2 - CASH, CASH EQUIVALENTS AND INVESTMENTS

The District is governed by the deposit and investment limitations of state law.

Deposits - Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At June 30, 2023, the carrying amount of the District's deposits was \$169,027,894 and the bank balance was \$170,670,641.

Missouri Securities Investment Program (MOSIP) - The District has \$9,596,018 invested in the MOSIP money market as of June 30, 2023. All funds in the program are invested in accordance with Section 165.051 Missouri Revised Statutes. Each school district owns a pro-rata share of each investment or deposit which is held in the name of the Fund. Since the Fund has the characteristics of a mutual fund, it is not reported by risk category in accordance with the Governmental Accounting Standards Board.

Missouri Capital Asset Advantage Treasury (MOCAAT) - All funds of these programs are invested in accordance with Section 165.051 of the Missouri Revised Statutes. Each school district owns a pro rata share of each investment or deposit, which is held in the name of the Fund. The District had \$71,395,909 invested through MOCAAT liquid series and \$9,999,958 invested in U.S. Treasury Bills through MOCAAT as of June 30, 2023. The U.S. Treasury Bills are recorded at cost, which approximates fair value.

<u>Custodial Credit Risk – Deposits</u> - For a deposit, custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's investment policy does not include custodial credit risk requirements. The deposits were not exposed to custodial credit risk for the year ended June 30, 2023.

<u>Custodial Credit Risk – Investments</u> - Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by the party who sold the security to the District or its agent but not in the government's name. The District does not have a policy for custodial credit risk relating to investments. All investments, evidenced by individual securities, are registered in the name of the District or of a type that are not exposed to custodial credit risk.

<u>Investment Interest Rate Risk</u> - The District has no policy in place to minimize the risk that the market value of securities in the portfolio will fall due to changes in general interest rates by structuring the investments portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity and by investing operating funds primarily in shorter-term securities.

<u>Investment Credit Risk</u> - The District has no policy in place to minimize credit risk, the risk of loss due to the failure of the security issuer or backer.

NOTE 3 - FUND BALANCE TRANSFERS

The General Fund transferred \$12,310,547 to the Special Revenue Fund. The General Fund also transferred \$9,190,940 to the Capital Projects Fund. The purposes of the transfers were to fund current operations and current and future capital projects, respectively.

NOTE 4 - CONTINGENCIES

<u>Grant Audit</u> - The District receives Federal grants and State funding for specific purposes that are subject to review and audit. These reviews and audits could lead to requests for reimbursement or to withholding of future funding for expenditures disallowed or other noncompliance with the terms of the grants. The District is not aware of any noncompliance with Federal or State provisions that might require the District to provide reimbursements.

NOTE 4 – CONTINGENCIES (continued)

<u>Risk Management</u> - The District is exposed to various risks of loss due to torts; theft to, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District is a member of the Missouri School Insurance Council (MUSIC), a protected, self-insurance program of approximately 475 Missouri Public School Districts and Junior College Districts. The District does not pay premiums to purchase insurance policies, but it does pay assessments to be a member of a self-sustaining risk-sharing group. Part of the assessment is used to purchase excess insurance for the group as a whole. The District paid \$2,773,896 in annual assessments for this insurance. Settled claims have not exceeded coverage in any of the past three years.

The District is currently involved in multiple pending litigations as of the audit report date and none of the cases have a measurable outcome as of the audit report date.

NOTE 5 - TAXES

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and payable by December 31. The county collects the property tax and remits it to the District.

The District also receives sales tax collected by the state and remitted based on a prior year weighted average attendance.

The assessed valuation of the tangible taxable property for the calendar year 2022 for the purposes of local taxation was:

Agricultural	\$ 4,951,269
Residential	1,877,536,632
Commercial	376,862,258
Personal Property	538,904,656
TOTAL	\$ 2,798,254,815

The tax levy per \$100 of the assessed valuation of tangible taxable property for the calendar year 2022 for purposes of local taxation was:

	Unadjusted		<u>A</u>	djusted
General Fund	\$	2.3615	\$	2.3615
Special Revenue Fund		1.1556		1.1556
Debt Service Fund		0.9304		0.9304
Capital Projects Fund		0.5953		0.5953
TOTAL	\$	5.0428	\$	5.0428

The receipts of current property taxes during the fiscal year ended June 30, 2023 comprised approximately 95.3% of the current assessment computed on the basis of the levy shown above.

NOTE 6 - POST EMPLOYMENT BENEFITS

COBRA Benefits - Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District provides healthcare benefits to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured on or before the tenth (10th) day of the month for the actual month covered. This program is offered for a duration of 18 months after the termination date. There is no associated cost to the District under this program. For the year ended June 30, 2023, the District had a maximum of 10 participants in this program with contributions totaling \$57,447.

In addition to the pension benefits described in Note 7, the District allows employees who retire from the District to participate in the District's health, dental and vision insurance plans. Upon meeting the retirement requirements per PSRS and PEERS, the employees can elect to participate in the District's plans. The retirees must pay for 100% of their coverage for each plan in which they elect to participate. The premiums are based on a single blended rate used for both active employees and retirees. The difference between the amount the retiree is required to pay and the actual cost to the District is considered a post-employment benefit. The District has not established an irrevocable trust fund for the accumulation of resources for the future payment of benefits under the plan; benefits are paid on a pay-as-you-go basis. A standalone financial report is not available for the plan. During the year, approximately 400 retirees participated in the District's insurance plans and paid premiums totaling \$1,434,269.

NOTE 7 - PENSION PLANS

The District contributes to The Public School Retirement System of Missouri (PSRS), a cost-sharing multiple-employer defined benefit pension plan. PSRS provides retirement and disability benefits to certificated employees and death benefits to members and beneficiaries. Positions covered by PSRS are not covered by Social Security. PSRS benefit provisions are set forth in Chapter 169.010.141 of the Missouri Revised Statutes.

The statutes assign responsibility for the administration of the system to a seven member Board of Trustees. PSRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to: The Public School Retirement System of Missouri, P.O. Box 268, Jefferson City, Missouri 65102, or by calling 1-800-392-6848.

PSRS members are required to contribute 14.5% of their annual covered salary and the District is required to contribute a matching amount. The contribution requirements of members and the District are established and may be amended by the PSRS Board of Trustees. The District's contributions to PSRS for the fiscal year ending June 30, 2023, 2022, and 2021 were \$16,653,113, \$16,182,462, and \$14,522,887, respectively, equal to the required contributions.

The District also contributes to The Public Education Employee Retirement System of Missouri (PEERS), a cost-sharing multiple-employer defined benefit pension plan. PEERS provides retirement and disability benefits to employees of the district who work 20 or more hours per week and who do not contribute to the PSRS. Positions covered by PEERS are also covered by Social Security. Benefit provisions are set forth in Chapter 169.600-169.715 of the Missouri Revised Statutes. The statutes assign responsibility for the administration of the system to the Board of Trustees of PSRS. PEERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to: The Public Education Employee Retirement System of Missouri, P.O. Box 268, Jefferson City, Missouri 65102 or by calling 1-800-392-6848.

PEERS members are required to contribute 6.86% of their annual covered salary and the District is required to contribute a matching amount. The contribution requirements of members and the District are established and may be amended by the Board of Trustees. The District's contributions to PEERS for the fiscal year ending June 30, 2023, 2022 and 2021 were \$2,925,020, \$2,846,446, and \$2,580,547, respectively, equal to the required contributions.

WENTZVILLE R-IV SCHOOL DISTRICT NOTES TO OTHER INFORMATION FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - BUDGETS AND BUDGETARY ACCOUNTING

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. In accordance with Chapter 67, RSM, the District adopts a budget for each fund.
- 2. Prior to July, the Superintendent, who serves as the budget officer, submits to the Board of Education a proposed budget for the fiscal year beginning on the following July 1. The proposed budget includes estimated revenues and proposed expenditures for all District funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year.
- 3. A public hearing is conducted to obtain taxpayer comments. Prior to its approval by the Board of Education, the budget document is available for public inspection.
- 4. Prior to July 1, the budget is legally enacted by a vote of the Board of Education
- 5. Subsequent to its formal approval of the budget, the Board of Education has the authority to make necessary adjustments to the budget by formal vote of the board. Adjustments made during the year are reflected in the budget information included in the financial statements.
- 6. Budgets for District funds are prepared and adopted on the modified cash basis (budgetary basis), recognizing revenues when collected and expenditures when paid. Budgeted amounts lapse at year-end.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH SPECIFIED REQUIREMENTS OF MISSOURI LAWS AND REGULATIONS

We have examined management's assertions, that Wentzville R-IV School District (the District) complied with the requirements of Missouri Laws and Regulations regarding budgetary and disbursement procedures, accurate disclosure by the District's attendance records of average daily attendance and average daily pupil transportation and other statutory requirements as listed in the Schedule of Selected Statistics for the year ended June 30, 2023. As discussed in that representation letter, management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on management's assertion about the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Schedule of Selected Statistics is in accordance with the criteria, in all material respects. An examination involves performing procedures to obtain evidence about the Schedule of Selected Statistics. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of the Schedule of Selected Statistics, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

In our opinion, management's assertions that the District complied with the aforementioned requirements for the year ended June 30, 2023 are fairly stated in all material respects.

This report is intended solely for the information and use of management and others within the organization, Board of Education, Missouri Department of Elementary and Secondary Education and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Education Wentzville R-IV School District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, and each major fund of the Wentzville R-IV School District, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Wentzville R-IV School District's basic financial statements, and have issued our report thereon dated December 1, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Wentzville R-IV School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Wentzville R-IV School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Wentzville R-IV School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Wentzville R-IV School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Education Wentzville R-IV School District

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Wentzville R-IV School District's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Wentzville R-IV School District's major federal programs for the year ended June 30, 2023. Wentzville R-IV School District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Wentzville R-IV School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Wentzville R-IV School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Wentzville R-IV School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Wentzville R-IV School District's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Wentzville R-IV School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Wentzville R-IV School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Wentzville R-IV School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Wentzville R-IV School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Wentzville R-IV School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
