INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Education
Wentzville R-IV School District

Report on the Financial Statements

We have audited the accompanying modified cash-basis financial statements of the governmental activities and each major fund of Wentzville R-IV School District ("District"), Missouri, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note I; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash-basis financial position of the governmental activities and each major fund of the District as of June 30, 2020, and the respective changes in modified cash-basis financial position thereof for the year then ended in accordance with the modified cash basis of accounting described in Note I.

Basis of Accounting

We draw attention to Note I of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Other Matters

Report on Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The budgetary comparison schedules and the schedule of expenditures of federal awards, as required by *Title 2 U.S. Code of Federal Regulations Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Budgetary Comparison Schedules presented on pages 33 through 37 and the schedule of expenditures of federal awards presented on page 52 are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary comparison schedules and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2020, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

WENTZVILLE R-IV SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2020

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Wentzville R-IV School District (“District”) operates under the regulations pursuant to Section 162.092 RSMo of the Public School Laws of Missouri, which designates a Board of Education to act as the governing authority. The District operates as a “six director” District (with seven members of the Board of Education). The District provides educational services.

As discussed further in Note I, these financial statements are presented on the modified cash basis of accounting. This modified cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements.

A. Principles Determining the Scope of Reporting Entity

In evaluating how to define the District, for financial reporting purposes, management has considered all potential component units. A decision whether to include a potential component unit in the reporting entity would be made by applying criteria set forth in GAAP. The basic, but not the only, criterion for including a potential component unit within the reporting entity is the governing body’s ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations and accountability for fiscal matters. The other criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the District is able to exercise oversight responsibilities. Based upon the application of these criteria, the following is a brief review of each potential component unit addressed in defining the District’s reporting entity.

Excluded from the reporting entity:

Public School Retirement System of Missouri, and the Non-Teacher School Employee Retirement System. These potential component units have been appointed jointly by the participating school district’s governing bodies. These are independent units that select management, staff, set user charges, establish budgets and control all aspects of its daily activity.

The District has determined that no other outside agency meets the above criteria and, therefore, no other agency has been included as a component unit in the District’s financial statements. In addition, the District is not aware of any entity which would exercise such oversight which would result in the District being considered a component unit of the entity.

B. Fund Accounting

The accounts of the District are organized on the basis of legally established funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues and expenditures/expenses on the modified cash basis of accounting. District resources are allocated to, and accounted for, in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following fund types are used by the District:

B. Fund Accounting (concluded)

Governmental Fund

Governmental Funds are those through which most of the District's functions are financed. The District's expendable financial resources are accounted for through Governmental Funds. The measurement focus is determined upon changes in the financial position rather than upon net income determination. The following are the District's governmental fund types, each of which the District considers to be a major fund.

General Fund

This fund is the general operating fund of the District and accounts for expenditures for non-certified employees, pupil transportation costs, operation of plant, fringe benefits, student body activities, community services, the food service program, and any expenditures not required or permitted to be accounted for in other funds.

Special Revenue Fund

A special revenue fund accounts for revenues derived from specific taxes or other earmarked revenue sources. The special revenue fund accounts for expenditures for certified employees involved in administration and instruction, and includes revenues restricted by the state and local tax levy allocations for the payment of teacher salaries and certain benefits.

Debt Service Fund

This fund is used to account for the accumulation of resources for, and the payment of, principal, interest and fiscal charges on long-term debt.

Capital Projects Fund

This fund is used to account for the proceeds of long-term debt, taxes and other revenues restricted for acquisition or construction of major capital assets and all other capital outlay.

C. Basis of Presentation

Government-wide Financial Statements

The statement of net position and the statement of activities present financial information about the District as a whole. These statements include the financial activities of the primary government. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions.

The statement of net position presents the financial condition of the governmental activities of the District at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities.

C. Basis of Presentation (continued)

Government-wide Financial Statements (concluded)

Direct expenses are those that are specifically associated with and are clearly identifiable to a particular function. Amounts reported as *program revenues* include (a) charges paid by the students for tuition, fees, or goods and services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program.

Revenues not classified as *program revenues* are presented as general revenues and include all property taxes. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

Fund Financial Statements

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- Non-spendable Fund Balance consists of funds that cannot be spent due to their form (e.g., inventories and prepaids) or funds that legally or contractually must remain intact. The District did not have any non-spendable resources as of June 30, 2020.
- Restricted Fund Balance consists of funds that are mandated for a specific purpose by external parties, constitutional provisions or enabling legislation. Debt service resources are to be used for future servicing of the District held bonds and are restricted through debt covenants.
- Committed Fund Balance consists of funds that are set aside for a specific purpose by the District's highest level of decision making authority, which is the Board of Education. Formal action must be taken prior to the end of the fiscal year, such as a vote from the Board of Education. The same formal action must be taken to remove or change the limitations placed on the funds.
- Assigned Fund Balance consists of funds that are set aside with the intent to be used for a specific purpose by the District's highest level of decision making authority which is the Board of Education, or a body or official, like the Superintendent or Chief Financial Officer, that has been given the authority to assign funds. Assigned funds cannot cause a deficit in unassigned fund balance. This classification includes the remaining positive fund balance of all governmental funds except for the General Fund.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basis of Presentation (concluded)

Fund Financial Statements (concluded)

- Unassigned Fund Balance consists of excess funds that have not been classified in the previous four categories. All funds in this category are considered spendable resources. This category also provides the resources necessary to meet unexpected expenditures and revenue shortfalls.

The District would typically use Restricted fund balances first, followed by Committed resources, and then Assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend Unassigned resources first to defer the use of these other classified funds.

As of June 30, 2020, fund balance components other than unassigned fund balances consist of the following:

	<u>Non-spendable</u>	<u>Restricted</u>	<u>Committed</u>	<u>Assigned</u>
General Fund	\$ -	\$ 4,176.34	\$ -	\$ -
Special Revenue/ (Teacher) Fund	-	-	-	-
Debt Service Fund	-	26,547,277.41	-	-
Capital Projects Fund	-	49,857,453.18	-	7,129,504.47
Total	<u>\$ -</u>	<u>\$ 76,408,906.93</u>	<u>\$ -</u>	<u>\$ 7,129,504.47</u>

D. Basis of Accounting

The financial statements are presented on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board. This basis of accounting involves modifications to the cash basis of accounting to report in the statement of net position or balance sheet cash transactions or events that provide a benefit or result in an obligation that covers a period greater than the period in which the cash transaction or event occurred. Such reported balances include investments and short-term liabilities arising from cash transactions or events.

This modified cash basis of accounting differs from GAAP primarily because certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected, and other accrued revenue and receivables) and certain liabilities and their related expenses or expenditures (such as accounts payable and expenses for goods or services received but not yet paid, and other accrued expenses and liabilities) are not recorded in these financial statements. In addition, other economic assets, deferred outflows, liabilities, and deferred inflows that do not arise from a cash transaction or event (such as donated assets and postemployment benefit obligations) are not reported, and the measurement of reported assets and liabilities does not involve adjustment to fair value.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Basis of Accounting (concluded)

If the District utilized the basis of accounting recognized as generally accepted in the United States, the fund financial statements for governmental funds would use the modified accrual basis of accounting, and the fund financial statements for proprietary fund types (if any) would use the accrual basis of accounting. All government-wide financial statements would be presented on the accrual basis of accounting.

E. Pooled Cash and Temporary Investments

Cash resources are combined to form a pool of cash and temporary investments which are managed by the District Treasurer, except resources from the Debt Service Fund, as state law requires these deposits to be separately maintained. Cash and cash equivalents have a maturity date of less than three months or are highly liquid. Investments have terms longer than three months and are not able to be liquefied easily.

The District may invest in United States Treasury-bills, notes, bonds, government agency and instrumental obligations, repurchase agreements collateralized by government securities, time certificates of deposit, bankers' acceptances issued by domestic commercial banks, and commercial paper issued by domestic corporations.

Interest income earned is allocated to contributing funds based on each funds' proportionate share of funds invested. In addition, see Note II, Cash and Investments.

F. Restricted Cash

Restricted cash represents amounts whose use is limited by legal requirements, and consists of amounts escrowed for future general obligation bond principal and interest payments in conjunction with the Missouri School District Direct Deposit Program as discussed in Note II and Note IV.

G. Fund Balance Reserves

The District reserves those portions of fund balance legally segregated for a specific future use or which do not represent available expendable resources and therefore are not available for appropriation or expenditure. Unreserved fund balance indicates that portion of fund balance that is available for appropriation in future periods.

H. Net Position

Net position represents the difference between assets and liabilities. Net position is reported as restricted when there are limitations imposed on its use, either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. All other net position is reported as unrestricted. The District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (concluded)

I. Interfund Activity

Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

J. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence.

K. Inventories

The District does not maintain inventory cost records. Inventory is deemed to be immaterial and accounted for using the purchase method in which supplies are charged to expenditures when purchased.

L. Compensated Absences

Vacation time, personal sick days and sick leave are considered expenditures in the year paid. Amounts that are unpaid and which are vested in the employee are paid at termination. Total vested and unpaid vacation and sick pay at June 30, 2020, amounted to approximately \$3,358,160.68.

M. Teachers' Salaries

The salary payment schedule of the District for the 2019-20 school year requires the payment of salaries over a twenty-four pay period cycle. Consequently, the July and August 2020 payroll checks are included in the accompanying financial statements as an expenditure paid in the month of June. This practice has been consistently followed in previous years.

II. CASH AND CASH EQUIVALENTS

The District maintains a cash and temporary investment pool that is available for use by all funds except the Debt Service Fund (State law requires that all deposits of the Debt Service Funds be kept separate and apart from all other funds of the District). Each fund type's portion of this pool is displayed on the combined balance sheet arising from cash transactions as "Cash and Investments" under each fund's caption.

Deposits - Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At June 30, 2020, the carrying amount of the District's deposits was \$145,172,243.27, and the bank balance was \$150,609,789.72. Of the bank balance, \$250,000.00 was covered by collateral held at the Federal Reserve Bank of St. Louis, and the District's safekeeping bank agent, in the District's name, \$8,280,770.57 was secured through the MOHEFA program, \$51,842,901.94 through the MOSIP program, and \$90,236,117.21 was secured by pledged securities.

A. Custodial Credit Risk – Deposits

For a deposit, custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The District's investment policy does not include custodial credit risk requirements. The District's deposits were not exposed to custodial credit risk for the year ended June 30, 2020.

Custodial Credit Risk – Investments

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by the party who sold the security to the District or its agent but not in the government's name. The District does not have a policy for custodial credit risk relating to investments. All investments, evidenced by individual securities, are registered in the name of the District or of a type not exposed to custodial credit risk.

B. Summary of Carrying Values

The carrying values of deposits above are included in the financial statements at June 30, 2020, as follows:

III. TAXES

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and are payable by December 31. All unpaid taxes become delinquent January 1 of the following year. The county collects the property taxes and remits them to the District on a monthly basis.

The District also receives sales tax collected by the State and remitted based on a prior year weighted average attendance. Districts are required to reduce the property tax levy by one-half the amount of sales tax estimated to be received in the subsequent calendar year, unless the District receives a Proposition C waiver.

The assessed valuation of the tangible taxable property (including state assessed railroad and utilities) for the calendar year 2019, for purposes of local taxation, was:

Real Estate:		
Residential	\$	1,532,192,259
Agricultural		4,725,630
Commercial		336,361,852
Personal Property:		<u>365,256,920</u>
TOTAL	\$	<u><u>2,238,536,661</u></u>

The tax levy per \$100 of the assessed valuation of tangible taxable property for the fiscal year 2019-20, for purposes of local taxation, was:

	UNADJUSTED	ADJUSTED
General Fund	\$ 2.2078	\$ 2.2078
Special Revenue Fund	1.0020	1.0020
Debt Service Fund	0.9304	0.9304
Capital Projects Fund	<u>0.6184</u>	<u>0.6184</u>
TOTAL	\$ <u><u>4.7586</u></u>	\$ <u><u>4.7586</u></u>

The receipts of current and delinquent property taxes during the fiscal year ended June 30, 2020, aggregated approximately 95.19% of the current assessment computed on the basis of the levy as shown above.

IV. ENERGY FINANCING

On October 13, 2003, the District entered into a promissory note with the Missouri Department of Natural Resources (DNR) to enable the District to implement an energy savings project in conjunction with the Energy Efficiency Leveraged Loan Program pursuant to Sections 640.651 and 604.686 RSMO. The principal amount of the Note is \$3,073,831.00 plus a 1% loan origination fee of \$30,738 for total principal to be paid back of \$3,104,569. The loan carries a simple annual interest rate of 2.75% per annum. Total semi-annual principal and interest payments of \$177,822 are due on January 1 and July 1 of each year, with final payment of \$177,421.12 due July 1, 2029. Principal balance at June 30, 2020, is \$2,955,283.83.

VII. RETIREMENT PLAN

Summary of Significant Accounting Policies

Financial reporting information pertaining to the district's participation in the Public School Retirement System of Missouri and the Public Education Employee Retirement System of Missouri (PSRS and PEERS, also referred to as the Systems) is prepared in accordance with Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions*, as amended.

The fiduciary net position, as well as additions to and deductions from the fiduciary net position, of PSRS and PEERS have been determined on the same basis as they are reported by the Systems. The financial statements were prepared using the accrual basis of accounting. Member and employer contributions are recognized when due, pursuant to formal commitments and statutory requirements. Benefits and refunds of employee contributions are recognized when due and payable in accordance with the statutes governing the Systems. Expenses are recognized when the liability is incurred, regardless of when payment is made. Investments are reported at fair value. The fiduciary net position is reflected in the measurement of the district's net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense. A Comprehensive Annual Financial Report ("CAFR") can be obtained at www.psrs-peers.org.

General Information about the Pension Plan - PSRS

Plan Description. PSRS is a mandatory cost-sharing multiple employer retirement system for all full-time certificated employees and certain part-time certificated employees of all public school districts in Missouri (except the school districts of St. Louis and Kansas City) and all public community colleges. PSRS also includes certificated employees of the Systems, Missouri State Teachers' Association, Missouri State High School Activities Association, and certain employees of the State of Missouri who elected to remain covered by PSRS under legislation enacted in 1986, 1987 and 1989. The majority of PSRS members are exempt from Social Security contributions. In some instances, positions may be determined not to be exempt from Social Security contributions. Any PSRS member who is required to contribute to Social Security comes under the requirements of Section 169.070 (9) RSMo, known as the "two-thirds statute." PSRS members required to contribute to Social Security are required to contribute two-thirds of the approved PSRS contribution rate and their employer is required to match the contribution. The members' benefits are further calculated at two-thirds the normal benefit amount.

Benefits Provided. PSRS is a defined benefit plan providing retirement, disability, and death/survivor benefits. Members are vested for service retirement benefits after accruing five years of service. Individuals who (a) are at least age 60 and have a minimum of 5 years of service, (b) have 30 years of service, or (c) qualify for benefits under the "Rule of 80" (service and age total at least 80) are entitled to a monthly benefit for life, which is calculated using a 2.5% benefit factor. Actuarially age-reduced benefits are available for members with five to 24.9 years of service at age 55. Members who are younger than age 55 and who do not qualify under the "Rule of 80" but have between 25 and 29.9 years of service may retire with a lesser benefit factor. Members that are three years beyond normal retirement can elect to have their lifetime monthly benefits actuarially reduced in exchange for the right to also receive a one-time partial lump sum (PLSO) payment at retirement equal to 12, 24, or 36 times the Single Life benefit amount.

VII. RETIREMENT PLAN (continued)

General Information about the Pension Plan – PSRS (CONCLUDED)

Contributions. PSRS members were required to contribute 14.5% of their annual covered salary during fiscal years 2018, 2019 and 2020. Employers were required to match the contributions made by employees. The contribution rate is set each year by the PSRS Board of Trustees upon the recommendation of the independent actuary within the contribution restrictions set in Section 169.030 RSMo. The annual statutory increase in the total contribution rate may not exceed 1% of pay.

The District's contributions to PSRS were \$14,561,015.43 for the year ended June 30, 2020.

General Information about the Pension Plan - PEERS

Plan Description. PEERS is a mandatory cost-sharing multiple employer retirement system for all non-certificated public school district employees (except the school districts of St. Louis and Kansas City), employees of the Missouri Association of School Administrators, and community college employees (except the Community College of St. Louis). Employees of covered districts who work 20 or more hours per week on a regular basis and who are not contributing members of PSRS must contribute to PEERS. Employees of the Systems who do not hold Missouri educator certificates also contribute to PEERS. PEERS was established as a trust fund by an Act of the Missouri General Assembly effective October 13, 1965. Statutes governing the System are found in Sections 169.600 - 169.715 and Sections 169.560-169.595 RSMo. The statutes place responsibility for the operation of PEERS on the Board of Trustees of PSRS.

Benefits Provided. PEERS is a defined benefit plan providing retirement, disability, and death benefits to its members. Members are vested for service retirement benefits after accruing five years of service. Individuals who (a) are at least age 60 and have a minimum of five years of service, (b) have 30 years of service, or (c) qualify for benefits under the "Rule of 80" (service and age total at least 80) are entitled to a monthly benefit for life, which is calculated using a 1.61% benefit factor. Members qualifying for "Rule of 80" or "30-and-out" are entitled to an additional temporary benefit until reaching minimum Social Security age (currently age 62), which is calculated using a 0.8% benefit factor. Actuarially age-reduced retirement benefits are available with five to 24.9 years of service at age 55. Members who are younger than age 55 and who do not qualify under the "Rule of 80" but have between 25 and 29.9 years of service may retire with a lesser benefit factor. Members that are three years beyond normal retirement can elect to have their lifetime monthly benefits actuarially reduced in exchange for the right to also receive a one-time partial lump sum (PLSO) payment at retirement equal to 12, 24, or 36 times the Single Life benefit amount.

Contributions. PEERS members were required to contribute 6.86% of their annual covered salary during fiscal years 2018, 2019 and 2020. Employers were required to match the contributions made by employees. The contribution rate is set each year by the PSRS Board of Trustees upon the recommendation of the independent actuary within the contribution restrictions set in Section 169.030 RSMo. The annual statutory increase in the total contribution rate may not exceed 0.5% of pay.

Summary Plan Descriptions detailing the provisions of the plans can be found on the Systems' website at www.psrs-peers.org.

The District's contributions to PEERS were \$2,583,150.45 for the year ended June 30, 2020.

VII. RETIREMENT PLAN (continued)

General Information about the Pension Plan – PSRS and PEERS

Cost-of-Living Adjustments ("COLA"). The Board of Trustees has established a policy of providing COLAs to both PSRS and PEERS members as follows:

- If the June to June change in the Consumer Price Index for All Urban Consumers (CPI-U) is less than 2% for consecutive one-year periods, a cost-of-living increase of 2% will be granted when the cumulative increase is equal to or greater than 2%, at which point the cumulative increase in the CPI-U will be reset to zero. For the following year, the starting CPI-U will be based on the June value immediately preceding the January 1 at which the 2% cost-of-living increase is granted.
- If the June to June change in the CPI-U is greater than or equal to 2%, but less than 5%, a cost-of-living increase of 2% will be granted.
- If the June to June change in the CPI-U is greater than or equal to 5%, a cost-of-living increase of 5% will be granted.
- If the CPI decreases, no COLA is provided.

For any PSRS member retiring on or after July 1, 2001, such adjustments commence on the second January after commencement of benefits and occur annually thereafter. For PEERS members, such adjustments commence on the fourth January after commencement of benefits and occur annually thereafter. The total of such increases may not exceed 80% of the original benefit for any member.

Pension Liabilities and Pension Expense - PSRS

At June 30, 2020, the District has a liability of \$142,228,716 for its proportionate share of the net pension liability. The net pension liability for the plan in total was measured as of June 30, 2019, and determined by an actuarial valuation as of that date. The District's proportionate share of the total net pension liability was based on the ratio of its actual contributions of \$13,717,148 paid to PSRS for the year ended June 30, 2019, relative to the actual contributions of \$711,760,160 from all participating employers. At June 30, 2019, the District's proportionate share was 1.9272%.

Pension Liabilities and Pension Expense - PEERS

At June 30, 2020, the District has a liability of \$16,455,945 for its proportionate share of the net pension liability. The net pension liability for the plan in total was measured as of June 30, 2019, and determined by an actuarial valuation as of that date. The District's proportionate share of the total net pension liability was based on the ratio of its actual contributions of \$2,477,489 paid to PEERS for the year ended June 30, 2019, relative to the actual contributions of \$119,080,046 from all participating employers. At June 30, 2019, the District's proportionate share was 2.0805%.

Actuarial Assumptions – PSRS and PEERS

Actuarial valuations of the Systems involve assumptions about the probability of occurrence of events far into the future in order to estimate the reported amounts. Examples include assumptions about future employment, salary increases, and mortality. Amounts determined regarding the net pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Board of Trustees adopts actuarial assumptions, each of which individually represents a reasonable long-term estimate of anticipated experience for the Systems, derived from experience studies conducted every fifth year and from Board policies concerning investments and COLAs. The most recent comprehensive experience studies were completed in June 2016. All economic and demographic assumptions were reviewed and updated, where appropriate, based on the results of the studies and effective with the June 30, 2016 valuation. For the June 30, 2017 valuations, the investment rate of return was reduced from 7.75% to 7.6% and the assumption for the annual cost-of-living adjustments was updated in accordance with the funding policies amended by the Board of Trustees at their November 2017 meeting. For the June 30, 2018 valuation, the investment rate of return assumption was further reduced from 7.60% to 7.50%. Significant actuarial assumption and methods, including changes from the prior year, are detailed below. For additional information please refer to the Systems' Comprehensive Annual Financial Report (CAFR). The next experience studies are scheduled for 2021.

Significant actuarial assumptions and other inputs used to measure the total pension liability:

- Measurement Date	June 30, 2019
- Valuation Date	June 30, 2019
- Expected Return on Investments	7.50%, net of investment expenses and including 2.25% inflation
- Inflation	2.25%
- Total Payroll Growth - PSRS	2.75% per annum, consisting of 2.25% inflation, 0.25% real wage growth due to the inclusion of active health care costs in pensionable earnings, and 0.25% of real wage growth due to productivity.
- Total Payroll Growth - PEERS	3.25% per annum, consisting of 2.25% inflation, 0.50% real wage growth due to the inclusion of active health care costs in pensionable earnings, and 0.50% of real wage growth due to productivity.
- Future Salary Increases - PSRS	3.00% - 9.50%, depending on service and including 2.25% inflation, 0.25% real wage growth due to the inclusion of active health care costs in pensionable earnings, and 0.25% of real wage growth due to productivity.

Actuarial Assumptions – PSRS and PEERS (continued)

- Future Salary Increases - PEERS 4.00% - 11.00%, depending on service and including 2.25% inflation, 0.50% real wage growth due to the inclusion of active health care costs in pensionable earnings, and 0.50% of real wage growth due to productivity.

- Cost-of-Living Increases – Both The long-term cost-of-living adjustment (COLA) assumed in the valuation is 1.25% to 1.65% over eight years beginning January 1, 2020. The COLA reflected for January 1, 2019, is 2.00%, in accordance with the actual COLA approved by the Board. This COLA assumption reflects an assumption that general inflation will increase from 1.85% to a normative inflation assumption of 2.25% over eight years.

It is also based on the current policy of the Board to grant a COLA on each January 1 as follows:

- If the June to June change in the CPI-U is less than 2% for consecutive one year periods, a cost-of-living increase of 2% will be granted when the cumulative increase is equal to or greater than 2%, at which point the cumulative increase in the CPI-U will be reset to zero.

For the following year, the starting CPI-U will be based on the June value immediately preceding the January 1 at which the 2% cost-of-living increase is granted.

- If the June to June change in the CPI-U is greater than or equal to 2%, but less than 5%, a cost-of-living increase of 2% will be granted.

- If the June to June change in the CPI-U is greater than or equal to 5%, a cost-of-living increase of 5% will be granted.

- If the CPI decreases, no COLA is provided.

Actuarial Assumptions – PSRS and PEERS (concluded)

- Cost-of-Living Increases – Both The COLA applies to service retirements and beneficiary annuities. The COLA does not apply to the benefits for in-service death payable to spouses (where the spouse is over age 60), and does not apply to the spouse with children pre-retirement death benefit, the dependent children pre-retirement death benefit, or the dependent parent death benefit. The total lifetime COLA cannot exceed 80% of the original benefit. PSRS members receive a COLA on the second January after retirement, while PEERS members receive a COLA on the fourth January after retirement.

Changes in Actuarial Assumptions and Methods

The investment return and COLA assumptions were updated by the Retirement System Board as follows based on changes to the Retirement System Board's funding policy adopted at the October 29, 2018, meeting:

PSRS & PEERS:

The investment return assumption was lowered from 7.60% to 7.50% per year.

Fiduciary Net Position

PSRS issues a publicly available financial report that can be obtained at www.psrs-peers.org.

Expected Rate of Return

The long-term expected rate of return on investments was determined in accordance with Actuarial Standard Practice (ASOP) No. 27, *Selection of Economic Assumptions for Measuring Pension Obligations*. ASOP No. 27 provides guidance on the selection of an appropriate assumed rate of return. The long-term expected rate of return on the Systems' investments was determined using a building-block method in which best-estimate ranges of expected future real rates of returns (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Systems' target allocation as of June 30, 2019, is summarized below along with the long term geometric return. Geometric return (also referred to as the time weighted return) is considered standard practice within the investment management industry. Geometric returns represent the compounded rate of growth of a portfolio. The method eliminates the effects created by cash flows.

Asset Class	Target Asset Allocation	Long-term Expected Real Return Arithmetic Basis	Weighted Long-term Expected Real Return Arithmetic Basis
U.S. Public Equity	27.0%	5.16%	1.39%

Expected Rate of Return (concluded)

- Discount Rate

The discount rate used to measure the total pension liability was 7.50% as of June, 30, 2019, and is consistent with the long-term expected geometric return on plan investments. The actuarial assumed rate of return was 8.0% from 1980 through fiscal year 2016. The Board of Trustees adopted a new actuarial assumed rate of return of 7.75% effective with June 30, 2016, valuation based on the actuarial experience studies and asset-liability study conducted during the 2016 fiscal year. As previously discussed, the Board of Trustees further reduced the assumed rate of return to 7.6% effective with the June 30, 2017, valuation, and to 7.5% effective with the June 30, 2018 valuation. The projection of cash flows used to determine the discount rate assumed that employer contributions would be made at the actuarially calculated rate computed in accordance with assumptions and methods stated in the funding policy adopted by the Board of Trustees, which requires payment of the normal cost and amortization of the unfunded actuarially accrued liability in level percent of employee payroll installments over 30 years utilizing a closed period, layered approach. Based on this assumption, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

- Discount Rate Sensitivity

The sensitivity of the District's net pension liability to changes in the discount rate is presented below. The District's net pension liability calculated using the discount rate of 7.50% is presented as well as the net pension liability using a discount rate that is 1.0% lower (6.50%) or 1.0% higher (8.50%) than the current rate.

VIII. CONTINGENCIES

During the course of ordinary operations, the District is subjected to various lawsuits. The District's insurance carrier and attorneys are vigorously contesting all the claims. The District believes that all lawsuits outstanding at June 30, 2020, will have no material impact on the finances of the District.

WENTZVILLE R-IV SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2020

VIII. CONTINGENCIES (concluded)

Grant Audits – The District receives federal grants and state funding for specific purposes that are subject to review and audit. These reviews and audits could lead to requests for reimbursement or to withholding of future funding for expenditures disallowed under or other noncompliance with the terms of the grants and funding. The District is not aware of any noncompliance with Federal or State provisions that might require the District to provide reimbursement.

Participation in Public Entity Risk Pools – The District is exposed to various risks of loss due to torts; theft to, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District was joined together with approximately 475 other Missouri public school districts and Missouri Junior Colleges to form the Missouri United School Insurance Council (MUSIC). MUSIC is a public entity risk pool currently operating as a common risk management and insurance program.

The District does not pay premiums to purchase insurance policies, but pays an assessment to be a member of the self-sustaining risk sharing group. Part of the assessment is used to purchase excess insurance for the group as a whole. The calendar year 2020 assessment was \$2,373,089

The pooling agreement requires the pool to be self-sustaining. The District believes that it is not possible to estimate the range of contingent losses to be borne by the District.

IX. OTHER POST-EMPLOYMENT BENEFITS

COBRA Benefits - Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District provides healthcare benefits to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured on or before the tenth (10th) day of the month for the actual month covered. This program is offered for a duration of 18 months after the termination date. There is no associated cost to the District under this program. For the year ended June 30, 2020, the District had 7 participants in this program with contributions totaling \$67,549.24.

In addition to the pension benefits described in Note VI, the District allows employees who retire from the District to participate in the District's health, dental and life insurance plans. Upon meeting the retirement requirements per PSRS and PEERS, the employees can elect to participate in the District's plans. The retirees must pay for 100% of their coverage for each plan in which they elect to participate. The premiums are based on a single blended rate used for both active employees and retirees. The difference between the amount the retiree is required to pay and the actual cost to the District is considered a post-employment benefit. The District has not established an irrevocable trust fund for the accumulation of resources for the future payment of benefits under the plan; benefits are paid on a pay-as-you-go basis. A standalone financial report is not available for the plan. During the year, approximately 323 retirees participated in the District's insurance plans and paid premiums totaling \$1,165,662.50.

XI. EMPLOYEE BENEFITS PLANS

The District offers its employees tax-sheltered annuity programs created in accordance with Internal Revenue Code Section 403(b). The plans, available to all District employees, permit them to defer a portion of their salary for investment purposes. The District also offers a Section 125 Cafeteria Plan to all employees. Under this plan, the deferred portion can be used to purchase health insurance plan benefits and for reimbursement of qualified dependent care costs and medical expenses.

XII. SUBSEQUENT EVENTS

There were no subsequent events noted as of the audit report date.

XIII. TAX ABATEMENT

The District is involved, through St. Charles County, in a tax abatement agreement with local businesses under the Urban Redevelopment Corporations under Ch. 353 of the RSMos. Under this program, localities may grant property tax abatements of up to 50% of a business' property tax bill for the purpose of providing Urban Redevelopment Corporations real property tax abatements.

For the year ended June 30, 2020, the District had abated property taxes totaling \$505,726 under this program, including the following tax abatements.

- A 48 percent property tax abatement to the Wentzville Bluffs for opening the corporation under the program described above. The abatement amounted to \$362,440.
- A 100 percent property tax abatement to the Dardenne Prairie Plaza for opening the corporation under the program described above. The abatement amounted to \$143,286.

The District is involved, through St. Charles County, in a tax abatement agreement with local businesses under a Tax Increment Finance District or (TIF). Missouri Revised Statute 99.845 gives municipalities the right to create TIFs for a defined area of land that is deemed blighted by the municipality. In short, after a TIF is established by ordinance, bonds are issued to cover the costs of demolition/environmental cleanup/utilities/roadways, and the assessed values of the parcels within the TIF are statutorily frozen by the Assessor's office, using the certified values for the year the ordinance was passed to form a base value for the TIF.

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2020

XIII. TAX ABATEMENT (concluded)

For the year ended June 30, 2020, the District had abated property taxes totaling \$159,391 under this program, including the following tax abatements.

- A TIF property tax abatement to the M&B Sachs Bus Park under the program described above. The abatement amounted to \$159,391.

The District is involved, through St. Charles County, in a tax abatement agreement with local businesses under Ch. 100.010 through 100.200 of the RSMos. Under this authority, a municipality may issue bonds to cover the costs involved to buy land and construct industrial facilities, research and development facilities, warehouses and distribution facilities, or to purchase existing industrial buildings and renovate them. Once the facilities are constructed or renovated, the municipality then leases the property for a pre-determined number of years to an individual, partnership, or a private corporation, which agrees to make payments to pay the principal and interest on the bonds. Since the property is owned by the municipality, there are no real or personal property taxes that must be paid by the lessee. However, the municipality may choose to grant only a partial tax abatement, instead of abating all real and personal property taxes, and in that instance may require the lessee to make Payments In Lieu Of Taxes (PILOTs). Once the lease payments and PILOTs reach a pre-determined threshold, and the bonds are paid off, the Chapter 100 Abatement is dissolved, and the lessee becomes the owner of the industrial facility.

For the year ended June 30, 2020, the District had abated property taxes totaling \$4,652,745 under this program, including the following tax abatements.

- A 100 percent property tax abatement to Mastercard under the program described above. The abatement amounted to \$1,449,480.
- A 100 percent property tax abatement to Wentzville Logistics under the program described above. The abatement amounted to \$1,332,610.
- A 100 percent property tax abatement to General Motors under the program described above. The abatement amounted to \$449,018.
- A 100 percent property tax abatement to General Motors under the program described above. The abatement amounted to \$1,421,637.

WENTZVILLE R-IV SCHOOL DISTRICT
NOTES TO THE BUDGETARY COMPARISON SCHEDULES
YEAR ENDED JUNE 30, 2020

I. BUDGETS AND BUDGETARY ACCOUNTING

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- A. In accordance with Chapter 67 RSMo, the District adopts a budget for each fund.
- B. Prior to June 30, the Superintendent, who serves as the budget officer, submits to the Board of Education a proposed budget for the fiscal year beginning July 1. The proposed budget includes estimated revenues and proposed expenditures for all District funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year.
- C. A public hearing is conducted to obtain taxpayer comments. Prior to its approval by the Board of Education, the budget document is available for public inspection.
- D. Prior to July 1, the budget is legally enacted by a vote of the Board of Education.
- E. Subsequent to its formal approval of the budget, the Board of Education has the authority to make necessary adjustments to the budget by formal vote of the Board. Adjustments made during the year are reflected in the budget information included in the financial statements.

Budgeted amounts are as originally adopted on June 20, 2019, and as finally amended by the Board of Education.

- F. Budgets are adopted on the cash basis of accounting for all Governmental Funds.

WENTZVILLE R-IV SCHOOL DISTRICT
OTHER POST-EMPLOYMENT BENEFITS
YEAR ENDED JUNE 30, 2020

OTHER POST-EMPLOYMENT BENEFITS

COBRA Benefits - Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District provides healthcare benefits to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured on or before the tenth (10th) day of the month for the actual month covered. This program is offered for a duration of 18 months after the termination date. There is no associated cost to the District under this program. For the year ended June 30, 2020, the District had 7 participants in this program with contributions totaling \$67,549.24.

In addition to the pension benefits described in Note VI, the District allows employees who retire from the District to participate in the District's health, dental and life insurance plans. Upon meeting the retirement requirements per PSRS and PEERS, the employees can elect to participate in the District's plans. The retirees must pay for 100% of their coverage for each plan in which they elect to participate. The premiums are based on a single blended rate used for both active employees and retirees. The difference between the amount the retiree is required to pay and the actual cost to the District is considered a post-employment benefit. The District has not established an irrevocable trust fund for the accumulation of resources for the future payment of benefits under the plan; benefits are paid on a pay-as-you-go basis. A stand alone financial report is not available for the plan. During the year, approximately 323 retirees participated in the District's insurance plans and paid premiums totaling \$1,165,662.50.

INDEPENDENT ACCOUNTANT'S REPORT ON MANAGEMENT'S ASSERTIONS ABOUT COMPLIANCE WITH SPECIFIED REQUIREMENTS OF MISSOURI STATE LAWS AND REGULATIONS

To the Members of the Board of Education
Wentzville R-IV School District

Report on Compliance with State Requirements

We have examined management's assertions that the Wentzville R-IV School District ("District") complied with the requirements of Missouri laws and regulations regarding budgetary and disbursement procedures; accurate disclosure by the District's records of average daily attendance and average daily transportation of pupils, and other statutory requirements as listed in the Schedule of Selected Statistics for the year ended June 30, 2020.

Management's Responsibility

Management is responsible for the District's compliance with the aforementioned requirements.

Auditor's Responsibility

Our responsibility is to express an opinion on management's assertions about the District's compliance based on our examination. Our examination was made in accordance with the attestation standards established by the American Institute of Certified Public Accountants and, accordingly, includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our opinion does not provide a legal determination on the District's compliance with specified requirements.

Opinion on Compliance with State Requirements

In our opinion, management's assertions that the Wentzville R-IV School District complied with the aforementioned requirements for the year ended June 30, 2020, are fairly stated, in all material respects. However, we noted multiple immaterial instances of noncompliance in which the District deficit budgeted the Special Revenue fund in the original and final.

This report is intended solely for the information and use of the Board of Education, District management, the Missouri Department of Elementary and Secondary Education and other audit agencies and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Education
Wentzville R-IV School District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Wentzville R-IV School District ("District"), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 15, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND
REPORT ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Education
Wentzville R-IV School District

Report on Compliance for Each Major Federal Program

We have audited Wentzville R-IV School District's ("District") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2020. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

WENTZVILLE R-IV SCHOOL DISTRICT
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2020

NOTE 1 – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the “Schedule”) includes the federal award activity of the Wentzville R-IV School District under programs of the federal government for the year ended June 30, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the District.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the modified cash basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

NOTE 3 – INDIRECT COST RATE

The District has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE 4 - BASIS OF ACCOUNTING

The accompanying Schedule of Expenditures of Federal Awards is presented using the modified cash basis of accounting.

NOTE 5 - RELATIONSHIP TO ACCOMPANYING FINANCIAL STATEMENTS

Federal awards are reported in the District's accompanying financial statements as follows:

<u>Federal Sources</u>	
General Fund	\$ 2,190,554.36
Special Revenue Fund	3,539,932.07
Debt Service Fund	-
Capital Projects Fund	6,998.00
	<u>\$ 5,737,484.43</u>

NOTE 6 - RELATIONSHIP TO FEDERAL FINANCIAL REPORTS

Amounts reported in the accompanying schedule agree with the amounts reported in the related federal financial reports except for changes made to reflect amounts in accordance with generally accepted accounting principles, as applicable to the modified cash basis of accounting.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2020

NOTE 7 -MATCHING REVENUES

For those funds that have matching revenues and state funding, federal expenditures were determined by deducting matching revenues from total expenditures.

NOTE 8 – NON-CASH PROGRAMS

The commodities received, which are non-cash revenues, are valued using prices provided by the United States Department of Agriculture.

NOTE 9 – SUBRECIPIENTS

The District provided no federal awards to subrecipients during the year ended June 30, 2020.
