PARENT PERMISSION (Authorization for Treatment, Release of Medical Information, and Insurance Information)

Informed Consent: By its nature, participation in interscholastic athletics includes risk of serious bodily injury and transmission of infectious disease such as HIV, Hepatitis B, severe acute respiratory syndrome (COVID-19) and/or any mutation or variation thereof. Although serious injuries are not common and the risk of HIV transmission is almost nonexistent in supervised school athletic programs, it is impossible to eliminate all risk. Participants must obey all safety rules, report all physical and hygiene problems to their coaches, follow a proper conditioning program, and inspect their own equipment daily. **PARENTS, GUARDIANS, OR STUDENTS WHO MAY NOT WISH TO ACCEPT RISK DESCRIBED IN THIS WARNING SHOULD NOT SIGN THIS FORM. STUDENTS MAY NOT PARTICIPATE IN MSHSAA- SPONSORED SPORT WITHOUT THE STUDENT'S AND PARENT'S/GUARDIAN/S SIGNATURE.**

I understand that in the case of injury or illness requiring transportation to a health care facility, a reasonable attempt will be made to contact the parent or guardian in the case of the student-athlete being a minor, but that, if necessary, the student-athlete will be transported via ambulance to the nearest hospital.

We hereby give our consent for the above student to represent his/her school in interscholastic athletics. We also give our consent for him/her to accompany the team on trips and will not hold the school responsible in case of accident, injury or illness whether it be en route to or from another school or during practice or an interscholastic contest; and we hereby agree to hold the school district of which this school is a part and the MSHSAA, their employees, agents, representatives, coaches, and volunteers harmless from any and all liability, actions, causes of action, debts, claims, or demands of every kind and nature whatsoever which may arise by or in connection with participation by my child/ward in any activities related to the interscholastic program of his/her school.

In the event of an emergency or when the Parent(s) or Guardian is unable to directly supervise health care services needed by the student for injuries or illnesses sustained at any athletic practice, conditioning exercise or contest, I also give my consent to the rendering of necessary health care services for the student by a qualified provider (QP) covering the athletic practice, conditioning exercise or contest, including an athletic trainer, physician, physician assistant, nurse practitioner or other medically-trained professional licensed by the State of Missouri (or the state in which the student injury or illness occurs) and who is acting in accordance with the scope of practice under their designated state license and any other requirement imposed by state law. In emergency situations, the QP may also be a certified paramedic or emergency medical technician for the purpose of providing emergency health care and transport. Health care services are defined as services including, but not limited to, evaluation, diagnosis, first aid, emergency care, stabilization, treatment and referral. I further authorize the QP who provides such health care services to disclose such information about the student's injury or illness, diagnosis, care and treatment in the professional judgment of the QP to the student's athletic director, coaches, school nurse and any classroom teacher required to provide academic accommodation to assure the student's recovery and safe return to activity. If the Parent(s) or Guardian believes that the student is in need of further evaluation, treatment, rehabilitation or health care services for the injury or illness, the student may be treated by the physician or provider of his or her choice.

To enable the MSHSAA to determine whether the herein named student is eligible to participate in interscholastic athletics in the MSHSAA member school, I consent to the release of any and all portions of school record files to MSHSAA, beginning with seventh grade, of the herein named student, specifically including, without limiting the generality of the foregoing, birth and age records, name and residence address of parent(s) or guardian(s), residence address of the student, academic work completed, grades received, and attendance data.

We confirm that this application for the above student to represent his/her school in interscholastic athletics is made with the understanding that we have studied and understand the eligibility standards that our son/daughter must meet to represent his/her school and that he/she has not violated any of them. We also understand that if our son/daughter does not meet the citizenship standards set by the school or if he/she is ejected from an interscholastic contest because of an unsportsmanlike act, it could result in him/her not being allowed to participate in the next contest or suspension from the team either temporarily or permanently.

I consent to the MSHSAA's use of the herein named student's name, likeness, and athletic-related information in reports of contests, promotional literature of the Association and other materials and releases related to interscholastic athletics.

We further state that we have completed that part of this certificate which requires us to list all previous injuries or additional conditions that are known to us which may affect this athlete's performance or treatment and we certify that it is correct and complete.

The MSHSAA By-Laws provide that a student shall not be permitted to practice or compete for a school until it has verification that he/she has basic health/accident insurance coverage, which includes athletics. Our son/daughter is covered by basic health/accident insurance for the current school year as indicated below:
